

Last tax season was certainly one for the record books, and this year is shaping up to be its little brother. :) Especially with all the unique goings-on, it's all the more crucial to be sure your business records are in tip-top shape lest a significant mis-classification make its way through and adversely impact your taxes. In some cases there may be a need to file an extension if significant changes need to be made to the books to get them to a ready-state for taxes.

Of course, don't hesitate to let our team know if you have any questions, and be sure to tick through the pointers below to help make it as smooth as process as possible:

- [Confirm Your Appointment](#): Like last year, your tax interview appointment is being sent as a *digital event invite* to your e-mail — be sure to check your spam folder if you haven't seen it, and simply give Alcides a call if you need a different date/time. (Early contact makes rescheduling *much* easier.)
- [All Appointments are Virtual](#): Our team went entirely virtual in March 2020 and we expect to be continuing virtual appointments only for the foreseeable future. We can do door drop-off/ pick-ups of documents - just be sure to give Alcides a call prior to ensure someone's here. ([More info](#))
- [Complete Your Checklist](#): Enclosed is the *Pre-Appointment Checklist* – be sure to tick through it before your tax interview to be sure you have everything and to note any questions you want to ask.
- [Upload Your Tax Documents](#): Before your tax interview, securely save PDF's of your tax documents to [your e-Cabinet](#) "Upload Files Here" folder. ([Short video tutorial](#))
- [Choose your Value Pak](#): If you haven't already chosen your Value Pak for this year, be sure to check your e-Cabinet before your appointment so you'll be ready to select your choice. (available by Jan 31)

Some important bits of information to know:

- [Cut-off dates](#): For *Partnerships* and *S-Corporations*, we'll need the last piece of information *and* completed tax interview before **Feb 26** to ensure your return will be ready by Mar 15. For *C-Corporations*, we'll need both by **Mar 26** to ensure completion by Apr 15. And for *Exempt Organizations*, we'll need both by **Apr 30** to meet the May 15 deadline.
- [Extensions](#): *Active* or *Support* members will automatically have extensions filed for you if needed. Other members can simply submit an Extension Change Request on our website by midnight before the due date request our team to take care of it for you.
- [2020 Tax Tips](#): Check out our [Insights Blog](#) and [Twitter feed](#) for helpful highlights and tips on tax law changes and tax-saving ideas.

Michael, Alcides, and myself look forward to helping you file your tax returns as smoothly as possible this year, and don't hesitate to reach out to us with any questions – our team is here to help!

Sincerely,  
*Adrian G. Simmons*

### CLOSE OUT YOUR BOOKS

Perform a year-end close out of your books to ensure the numbers are accurate. (*Note: Financial systems our team has designed and books we performed "Accounting Checkups™" on are more likely to be accurate.*)

PPP, EIDL, and other COVID relief transactions properly accounted for? – be sure loans/loan forgiveness recorded, taxable vs. non-taxable grants separately classified, payroll credits recorded, etc.

Transactions scanned through for accurate classification? – run an Account Transaction report in Xero and riffle through looking for anything out of place.

Payments before year-end properly dated? – checks, credit/debit payments, or other transaction that took place before Dec 31 but which cleared in the new year should be evaluated for proper dating.

All bank & credit card balances tie to statements? – agree the Statement Balance on the Xero Reconciliation Report to a physical statement to ensure no transactions are accidentally missed/added.

Unpaid customer invoices & vendor bills look accurate? – run Accounts Receivable Aging and Accounts Payable Aging reports as of December 31 and confirm the open balances are all accurate.

Any business loans? – agree ending balances of loans in Xero to lender statements, which should double as confirmation of the interest expense amount.

Any equipment purchases or disposals? – be sure they're properly categorized in their own accounts and mention during your tax interview.

Any new equipment leases? – be sure to evaluate for capital lease treatment (effectively an equipment loan) and properly reflect in your financials.

Any health insurance plan? – be sure to separately categorize in your financial system for special reporting.

Any personal expenses or mixed expenses paid through the business? - be sure to properly categorize in your financial system to prevent improper deduction.

Any owner transactions during the year? – be sure owner loans, contributed capital, owner distributions/draws, etc. are properly categorized in your financial system.

- Any retirement plan contributions made? – itemize the amounts for owner versus employee, if not already separately categorized in your financials.
- Any significant repairs? – be sure to mention during your tax interview for evaluation under the new IRS repair regulations.
- Financial statements evaluated for accuracy? – run a two-year comparison for the Income Statement and Balance Sheet and look for any odd totals that might indicate mis-classifications which affect your tax.
